News Release

February 2, 2020 COVID-19 Update

On February 8, 2021 The Government of Alberta will begin its path forward strategy with regards to easing restrictions. Alberta is working in a positive direction to bend the curve to protect our health system, but we must be careful not to lift restrictions too quickly.

Detailed Information regarding the roadmap to help Albertans understand how restrictions will be eased in steps over the coming months can be found at: <https://www.alberta.ca/enhanced-public-health-measures.aspx#PathForward>

In collaboration with Bentley School, the Town has been given permission for the Bentley School Hockey Academy to run at the Arena. This program will begin on Tuesday February 9, 2020, for more information please contact Bentley School at (403)-748-3770 or refer to their website at www.bentley@wolfcreek.ab.ca.

Strict protocols have been put in place by the Bentley School and will be followed to ensure that all social distancing, PPE, dropping off of equipment and tracking of participants will be done in alignment with AHS requirements.

This program is in alignment with the path forward, allowing indoor and outdoor children's sport and performance (***specifically school related only***). The facility is, and will be still closed to the public and only students of the program, along with teachers and facility staff will be allowed within the facility. It is important that we follow the established guidelines to ensure the safety of those participating in the program and the general safety of all residents within our community.

Ensuring that we follow this direction, will allow the facility to be utilized in this way and continue our community on a path forward, resulting in the further easing of restrictions over time.

I realize that this pandemic has been challenging for all of us and I thank you for your diligence and cooperation to keep our community safe.

Sincerely,

Marc Fortais
Chief Administrative Officer
