Request for Decision

Annexation – Notice of Intent

Council Meeting Date: February 27, 2024

#### RECOMMENDATION

That Council approve the Notice of Intent to Annex Lands as presented;

That Council authorize Administration to submit the Notice of Intent to Lacombe County, the Minister of Municipal Affairs, and the Land and Property Rights Tribunal (LPRT), thereby starting the formal annexation process; and,

That Council authorize Administration to forward copies of the Notice of Intent to the local MLA and affected local authorities.

#### STRATEGIC ALIGNMENT

Goal: The Town of Bentley will lay the foundation to ensure economic growth, with the ability to potentially attract future commercial and industrial development and broaden the tax base.

#### LEGISLATIVE AUTHORITY

*Municipal Government Act* – Chapter M-26, Part 4, Division 6, Section 116 states that a municipal authority initiates an annexation of land by giving written notice of the proposed annexation to the municipal authority from which the land is to be annexed, the Minister, the LPRT and all local authorities having jurisdiction to operate or provide services in the initiating municipal authority or in any of the municipal authorities from which the land is to be annexed.

#### BACKGROUND

The attached Notice of Intent to Annex document describes the lands that the Town is interested in annexing. It also describes the key reasons for the proposed annexation. Some of these reasons relate to the overall need of land supply based on the existing land use patterns, and some relate more to practical matters associated with preparing land for urban development. The primary reason for selecting the identified lands is to provide for long term commercial and industrial growth.

The lands contained within the proposed Annexation Area include all of the NE 23-40-1-W5M, and portions of the NW 23-40-1-W5M. The proposed Annexation Area also includes the Highway 12 road allowance and the 44 Street Road allowance within the area.

This Notice of Intent was prepared in consultation with Lacombe County staff and discussed informally with the Town of Bentley/Lacombe County Intermunicipal Committee on February 1, 2024. This does not mean that the County has endorsed the Notice of Intent; the process of consultation and negotiation must still be followed. However, the Committee endorsed Section 4.0 which describes the process.

The Notice of Intent serves as the formal start of the annexation process. It is sent to the County and upon receipt, the County must meet with the Town to negotiate the proposed annexation in good faith. This will be a continuation of the discussions that have occurred with the County thus far.

The Notice of Intent is also forwarded to the Land and Property Rights Tribunal to inform them of the Town's interest in annexing lands from Lacombe County. This includes demonstrating that the Town will follow the public and landowner consultation that is expected under the *Municipal Government Act*.

Local authorities who may be impacted by the proposed annexation also receive a copy of the Notice of Intent. This includes organizations such as the school authorities, Alberta Transportation, and utility providers. A copy of the Notice of Intent is also sent to the local MLA to notify them of the Town's initiative.

#### **RISK/CONSEQUENCES**

- 1. Council can choose to not move ahead with submitting the Notice of Intent to the County and LPRT at this time. This means the annexation process would be delayed.
- 2. Council can choose to abandon the annexation proposal. This means another annexation process would need to be started at a future date. The risk is not having suitable lands in the Town's jurisdiction to be able to attract industrial and commercial growth, which may restrict the overall economic growth of the Town.

#### FINANCIAL CONSIDERATIONS

Funds for the annexation process have been provided as part of the Alberta Community Partnership grant for the Bentley-Lacombe Joint Development Initiative.

# Town of Bentley Annexation Proposal

Presentation February 27, 2024

# Presentation Outline

- What is Annexation?
- Annexation Process
- LPRT Principles for Evaluating Requests
- Typical Concerns and Responses
- Future Land Use Concept from IDP
- Proposed Annexation Area
- Municipal Compensation
- Taxation
- Next Steps

# Definition and Significance

- What is Annexation?
- A process of transferring local government jurisdiction over land from one municipality to another (i.e., expand the Town boundary)
- It is not expropriation the ownership of land is not affected, and the property owner remains in control of development/redevelopment
- It is strategic based on a long-term view of the needs of the municipality (25-30+ years into the future)
- The purpose is to have a supply of land to ensure adequate land in a variety of configurations for urban development

Annexation Process – Part 1

- Local level; pace is set by the municipalities
- Town has already identified the proposed annexation areas through the SE Bentley ASP process
- The annexation process formally starts with the "Notice of Intent to Annex"
- Landowners are consulted about views on annexation; Town and County negotiate issues
- Opportunity for public input
- Summary of process and input received is documented in a report; "signed off" by Town and County
- Report becomes the application to the Province

Annexation Process – Part 2

- Two possible routes: one if everyone agrees and one if everyone does not agree
- Land and Property Rights Tribunal (LPRT) provides
   opportunity to file objections
- Public hearing held if LPRT determines it necessary
- LPRT makes a recommendation to the Minister of Municipal Affairs
- Cabinet makes final decision; Order-in-Council makes the annexation happen
- No time limit for Province to make decision

Annexation Principles – Part 1 (from LPRT)

- (These things need to be addressed in the annexation report)
- Intermunicipal cooperation is given considerable weight
- Rational growth directions, resource use, fiscal accountability and municipal purposes – municipalities not encumbered
- Autonomy of municipalities local autonomy under MGA is not affected
- Supporting materials concerning growth (up to a 50 year time frame) – growth projections, planning
- Logical extension of growth patterns and services
- Administration of services (cost effective, efficient, coordinated, financially viable)
- Key environmental and natural features are respected
- Use of resources supported by IDP, MDP, servicing plans and economic development objectives

Annexation Principles – Part 2 (from LPRT)

- Financial impact on each municipality; will the annexation drive tax increases by either municipality?
- Impacts on other institutions-e.g. service commissions
- Impacts on property owners e.g. increased taxes
- Public consultation must show effective public involvement both prior to and during any annexation hearings or proceedings
- Special properties where high value properties are taken in by annexation, the Tribunal will look for revenue sharing
- Financial impacts on municipalities not simply about taxes; full scope of costs and revenues must be considered
- Conditions of annexation certain, unambiguous, enforceable, time specific

# Typical Concerns

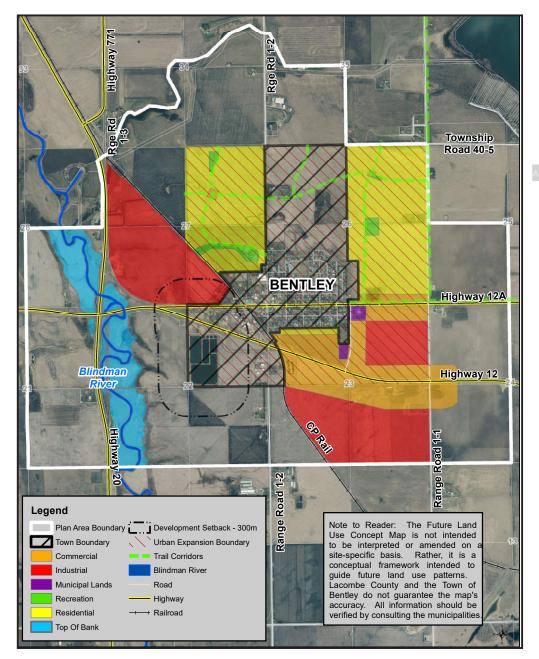

- Loss of municipal tax revenue and investment in municipal infrastructure typically roads and bridges (rural municipality)
- Loss of agricultural land and constraints on farm operations
- Increased municipal taxes (landowners)
- Continuation/status of existing development (landowners)
- Changes in services such as school busing (landowners)
- New rules that may affect use of land (landowners)
- Continued use of wells and septic systems (landowners)

## Typical Responses

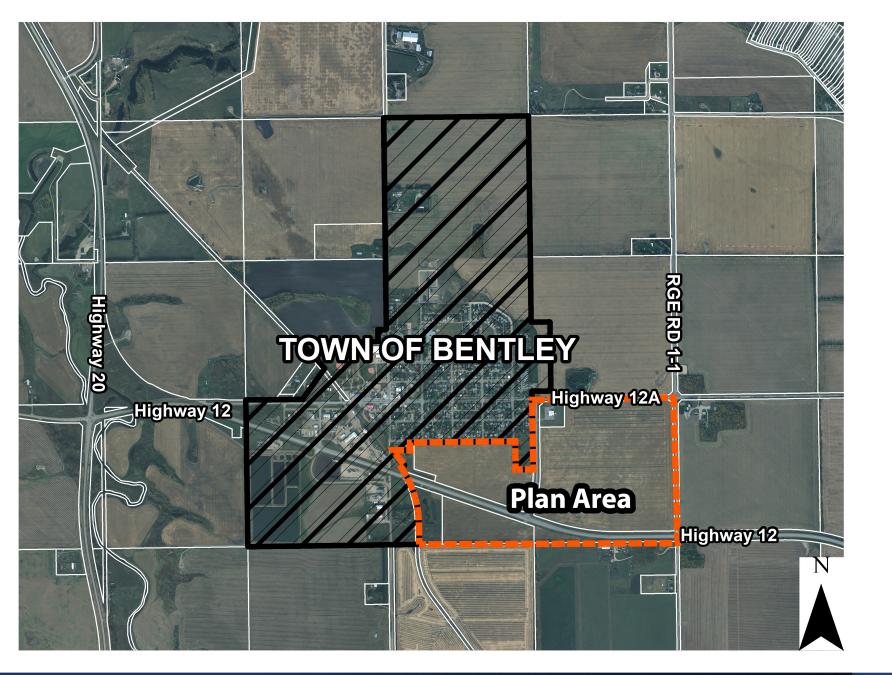

- Sliding scale payments to rural municipality based on the amount of municipal taxes lost to the urban municipality
- Compensation payment for investments in infrastructure
- Municipal tax rate "freeze" for property owners for a set time period or until new development occurs
- Continued use of rural land use bylaw or similar provisions
- Trade-offs on services provided and charged

#### **MAP 2 - FUTURE LAND USE CONCEPT MAP**

# Future Land Use Concept from IDP

Town of Bentley/Lacombe County Intermunicipal Development Plan Adopted: December 13, 2018

Proposed Annexation Area

• Plan area outlined in red

# Responding to Compensation Issues

 Compensation payments to the rural municipality to offset lost taxes and investment in infrastructure are typical; however, Lacombe County does not have a practice of asking for compensation Responding to Taxation Issues

- Town mill rate is considerably higher than County rate
- Provisions to soften the property tax impact are common to annexation agreements
- Likely approach continue to assess and tax as if still in county until urban development occurs
- Time periods have grown significantly in recent years; 25 years seems typical now; we are exploring an indefinite period
- Offer can not affect the school portion of the property tax bill

Responding to Existing Use Issues

- Privately-owned properties are in agricultural cultivation; no buildings
- Section 135 of the MGA Lacombe County bylaws and resolutions (MDP, ASP, LUB) continue to apply until repealed or others are made in their place by Bentley
- IDP and ASP are clear agricultural uses may continue with existing land use rights including subdivision for agricultural purposes
- Including suitable provisions in the new Bentley Land Use Bylaw is being discussed

## Next Steps

- Town Council to consider, and give direction to the CAO to issue the Notice of Intent to Annex
- Meeting of intermunicipal committee on March 11
- Schedule a public meeting
- Engage with with landowners and other interested parties
- Negotiation private session with County representatives
- Confirm approach to managing tax impacts on landowners
- Confirm approach to compensating County

#### TOWN OF BENTLEY: NOTICE OF INTENT TO ANNEX LAND

#### 1.0 INTRODUCTION

The Town of Bentley is proposing to expand its municipal boundaries by annexing selected lands from Lacombe County. This document describes the Town's proposal and, in accordance with Section 116 of the *Municipal Government Act* it:

- 1. Describes the lands proposed to be annexed;
- 2. Presents the Town's reasons for the proposed annexation;
- 3. Proposes a process to consult the public about the proposed annexation; and
- 4. Proposes a process to meet with owners of the land to be annexed and keep them informed about the progress of negotiations.

#### 2.0 LANDS PROPOSED FOR ANNEXATION

The lands included in the annexation proposal are described below through legal descriptions. These lands are illustrated through the Proposed Annexation Map included with this document. Each individual property that is listed is identified by the corresponding number on the map.

#### Parcel No.1

Town Stormwater Pond

- 10.78 acres
- Linc No. 0034569617

- 132.59 acres
- Linc No 0038091591
- Short Legal 5;1;40;23;NE
- Title No. 182257833003

#### Property No. 7

• Highway 12 road allowance within the NW 23 and NE 23.

In addition to the titled lands described above, it is the Town's intention to annex the Highway 12 road allowance within the NW 23 and NE 23, and 44 Street from Highway 12 to Highway 12A.

#### 3.0 REASONS FOR THE PROPOSED ANNEXATION

There are four primary reasons for the Town's proposed annexation. These reasons relate to the implementation of key directions of the Town of Bentley / Lacombe County Intermunicipal Development Plan and the practical planning considerations to position the Town to plan for and attract diverse scale commercial and industrial development.

#### 1. Collective Vision

The Annexation Area is within the Urban Expansion Boundary described on Map 2 of the Town of Bentley / Lacombe County Intermunicipal Development Plan. This proposed annexation reflects the logical next step for what was already agreed upon and set as the future vision through extensive intermunicipal collaboration.

The Town of Bentley/Lacombe County Intermunicipal Development Plan includes explicit policies intended to support commercial and industrial development in the Bentley area, and to pursue joint initiatives in this regard.

An Area Structure Plan for the Annexation Area has already been prepared and adopted by Lacombe County. The lands remain under County jurisdiction at this time.

The proposed annexation represents a logical expansion of the urban area of the Town. Residential development is expected to occur on lands in the north part of Bentley, and on lands to the north of Highway 12A in the future. The areas south of Highway 12A to the east of the Town, and along Highway 12 in the south are planned for commercial and industrial uses, in proximity to transportation corridors.

#### 2. Competitive Commercial Land Supply

The Town has no large blocks of land available to attract commercial development that require various parcel sizes. Based on a 2021 commercial land inventory, there are only five parcels available for commercial development. These parcels are located along the Town's main street within its downtown core. The location and size of these parcels constrains for the size and type of development that can be accommodated within the Town's traditional commercial area. In particular, there is a significant opportunity to attract highway commercial development in proximity to Highway 12, which is not suited for the downtown.

These constraints have affected the ability of the Town to attract a share of the economic growth in central Alberta. The Town recently experienced this in recent years when it was unable to accommodate a culinary school and bakery due to the shortage of its commercial land supply. The Annexation Area will provide the Town a competitive land supply to attract commercial development.

#### 3. Industrial Land Supply

The Town has a very limited supply of industrial land for development. The ability to attract industrial development depends on the availability of designated and serviced bocks of lands of varying sizes. The Town's control over the Annexation Area can accommodate a well-planned industrial area that provides flexible parcel sizes to attract

various scale industrial development within the area. The Annexation Area would provide the Town the opportunity to respond to industrial proposals within the region.

4. Preparation for Future Planning and Development

A detailed area structure plan (ASP) to guide the development of the annexation area was developed in 2022 and 2023, and was approved and adopted as Bylaw 1397/23 by Lacombe County Council in November 2023. This process was guided by the Town of Bentley/Lacombe County Intermunicipal Committee.

Background work included an environmental review, along with servicing and transportation studies.

The development of the plan included public meetings in November 2022 and June 2023, an online survey, numerous meetings and conversations with landowners and interested individuals, and a statutory public hearing held in October 2023.

The planning process has been funded through an Alberta Community Partnership (ACP) grant, with Parkland Community Planning Services acting as a planning consultant to the Committee. The Town of Bentley is the managing partner for the grant. It was the stated intention of the parties from the beginning for the Town of Bentley to apply to annex the area that is now the subject of the ASP.

The Southeast Bentley Area Structure Plan is presently a statutory plan of Lacombe County. Should the annexation be successful, the ASP would receive some minor amendments and be re-adopted as a Town of Bentley planning document.

If the annexation is not successful, the ASP would remain as a County planning document, and a Joint Economic Area (JEA) agreement between Town and County would be required.

In summary, the proposed annexation would provide the Town with the commercial and industrial land inventory needed to attract new economic activity and to support the long term viability and sustainability of the community. The area proposed for annexation is suitable for commercial and industrial development, adjacent to the Town, and can be readily serviced.

#### 4.0 PROPOSED PROCESSES TO NEGOTIATE AND CONSULT

Throughout the creation of the Southeast Bentley Area Structure Plan, the Town and County had numerous meetings and consultations with the landowners affected by the Town's annexation proposal. The development of the ASP has been done with the explicit intention of proceeding to this annexation proposal.

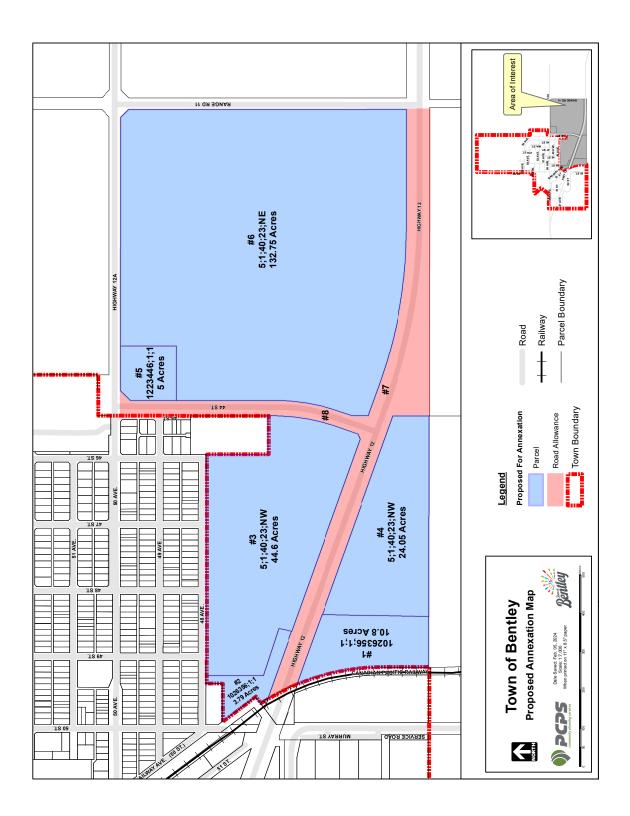

It is still necessary to formally consult with landowners and the public regarding this annexation proposal, and for the Town to negotiate with the County.

The Town proposes the following general process for further intermunicipal negotiations and public consultation and to keep landowners advised on the outcome of negotiations between the Town and County:

- 1. An initial meeting of the Town and County (the Intermunicipal Committee) to discuss this annexation proposal.
- 2. Formal Submission of this Notice of Annexation to Lacombe County, along with the Minister of Municipal Affairs, the Land and Property Rights Tribunal, Provincial Departments and other affected local authorities having jurisdiction within the Town of Bentley or Lacombe County.
- 3. Public notice of annexation advertised in the local newspaper and on municipal websites that describes the nature of proposal and the means on how to participate.
- 4. Letter to landowners providing information on the annexation negotiations, implications and inviting the landowners to a meeting, hosted by the Town, to discuss the annexation.
- 5. Landowner/Public open house to explain and discuss the proposed annexation.
- 6. Follow-up letters and/or conversations with individual landowners on implications, negotiations and thoughts on the proposed annexation.
- 7. Meeting between the County and the Town representatives to share information from landowner and public consultations and finalize annexation negotiations.
- 8. Preparation of the negotiation/annexation report and submission to County Council and Town Council for consideration.
- 9. Submission of the final negotiation/annexation report to the Land and Property Rights Tribunal.
- 10. Advertisement of the final negotiation report's availability for public review.

The official annexation process will be considered to begin upon approval of this document by the Town Council and will continue until a decision has been issued in accordance with the *Municipal Government Act*. In addition to the consultation described above, the Town will undertake follow-up notifications with the landowners and public once a decision has been issued to ensure they are aware of the outcome.

Agenda Date: February 27, 2024

Agenda Item: New Business: Annual Review – Employee Salary Grid and Council Remuneration & Expense

#### POLICY GUIDANCE/AUTHORITY

Policy 07/04 Salary Grid and Cost of Living Policy establishes a salary grid for each employment position. Annually, Council shall consider a cost of living increase.

Policy 40-2021 Council Remuneration & Expenses establishes rates and guidelines for the claiming of remuneration by Council and expenses incurred by Council, Staff members and Citizen Members-atlarge attending meetings, conferences, seminars, courses, workshops etc.

#### SUMMARY AND BACKGROUND:

Annually, pursuant to the Salary Grid and Cost of Living Policy 07/04 (Attachment 1), Council considers a cost-of-living increase to the Employee Salary Grid (Attachment 2).

Council has been using an average of the Statistics Canada Consumer Price Index of the previous year to guide their deliberations. Council Remuneration & Expense Policy 40/2021 (Attachment 3), as amended, states:

# "Annually, the remuneration and expense rates will be adjusted, based on the same cost of living adjustment made to the Employee Salary Grid, as determined by Council, pursuant to the Salary Grid and Cost of Living Policy 07/04".

During the 2024 budget deliberations, Mayor and Council decided that they would not change or amend the Council Remuneration and Expenses for the 2024 year, therefore administration has attached the current Council Remuneration & Expenses (Attachment 4), which remain unchanged from the 2023 budget year.

Information from the Statistics Canada Consumer Price Index, for the months of January to December 2023, is as follows:

January	5.00%	July	3.40%
February	4.30%	August	3.50%
March	4.00%	September	3.50%
April	4.10%	October	3.40%
May	3.90%	November	3.30%
June	3.50%	December	3.30%

The average Consumer Price Index for Alberta for the 12 months of 2023 is 3.77%. However, during the 2024 budget deliberations, Mayor and Council approved a wages and salaries increase in the amount of 2.5% for Town of Bentley Staff only, with no increase for Mayor and Council, to be incorporated into the approved 2024 budget.

#### **RATIONAL FOR RECOMMENDATIONS:**

- An annual salary increase has been typically done in accordance with policy 07/04 approved by Mayor and Council. The wages and salary increase for this year, although it is less than the increased costs of goods and services as per the Statistics Canada Consumer Price Index 12-month average for 2023, it has been approved based on the fact that there has been cost-of-living increase to staff, but also that Mayor and Council along with staff need to be conservative and lessen the burden on the local taxpayer.
- The amount of increase has been anticipated in budget planning and budgeted for within the 2024 budget approved by Mayor and Council in December of 2023 and revised and presented again on January 9, 2024.

#### **BUDGET & FINANCIAL CONSIDERATIONS:**

It is anticipated that the impact of this increase over the prior year 2023 budget is approximately \$17,621 including all wages and RRSP benefits for staff salaries. There is no impact from council based on no increase in remuneration for the 2024 calendar year. This amount was factored into the approved 2024 budget.

#### **RECOMMENDATION:**

- a) That pursuant to Policy 07/04, Council approve a cost-of-living increase of 2.50% to the salary grid, to take effect March 1, 2024.
- b) That pursuant to Policy 40/2021, Council will opt out of an approved cost-of-living increase for the 2024 budget year and remain at the same rates for compensation as 2023.
